

This is a Mom's correspondence... 😊

Question:

It is my first time here and I finished my registration. Can I view pictures of individuals looking for a spouse?

Answer:

I have confirmed your registration and already sent you an email. And, no, you will not see pictures, at least not right away. Pictures are not important; they are a distraction more than anything else.

- First you are going to have to create an exceptionally good profile (see attached document)
- Two you are going to have to send me proof that you are a qualified candidate for a future Marriage-Blessing by the True Parents Then, you will be able to search.
- When you search with OMS, you will not have access to pictures immediately. You will first have access to what I called Limited Profiles. You will want to read them carefully and prayerfully.
- Then, if you find a profile that is especially attractive to you then you would want to use the anonymous messaging system and possibly ask or share information with the other person.
- Through this anonymous correspondence - emphasized on anonymous - both of you will decide if you would want to pursue this relationship further or dismissed it.
- When you feel ready you can request the full profile (Pictures and all identifiers).
- If the request is granted by the other person, then you can now start the relationship in earnest.

So, please take your time, do it right, and God will be with you the whole way. I guarantee.
