

Why Affiliates' Portal on OMS

Affiliate portal was created to help blessed children and 1st Generation Unificationists who do not want to be part of the core membership of the Unification Movement find each other for the purpose of receiving the Blessing from the True Parents.

I believe these individuals love God, respect the True Parents, and understand the Divine Principle but do not feel the need or the desire to be involved as core members. They want to support if they can. Many of their friends are Unificationists. They appreciate what the Unification Movement is trying to accomplish and many of them would not mind becoming a Blessed Couple.

In the image above each circle represent a vocation. Some of us are missionaries, others are business individuals. We also have politicians, media, entertainers, and artist. And let us not forget the scientific and medical communities. We are all a piece of the same cosmic puzzle that needs to be completed.
